CONTEST ALERT #1 – JANUARY 16, 2008

Precision Machining	Secondary	Due to overwhelming popularity of this contest, Skills Canada – Ontario is excited to re-introduce this event at the 2008 Qualifying Competitions. All Secondary level competitors wishing to participate in the Precision Machining contest must first advance through a Qualifying Competition. The top two eligible competitors from each Qualifying location will advance to the OTSC. Each school board will now be able to send up to three competitors to the Qualifying Competition in Precision Machining. Please see the Competition Information Package for more information regarding the Qualifying Competitions.
Robotics	Secondary	Please review the newly posted scope as there have been slight changes to the agenda. A Job Interview component has been added to the contest.
Heating Systems Technician	Secondary	As noted in the 2008 Competition Information Package, the Heating Systems Technician contest will not be hosted at the Secondary Level this year.
Heavy Equipment Service	Post Secondary	The Heavy Equipment Service demonstration event is being postponed until the 2009 OTSC.
