Opportunities in the Skilled Trades

Children today are under more pressure than ever to choose and prepare for their career paths at an early age, but most lack knowledge about “what’s out there.” The Skills Canada-Ontario in-school presentation, now in its 13th year, provides about 100,000 young people each year with information about more than 150 great careers in the skilled trades and technologies.

Our dynamic liaison officers engage students with interactive dialogue, eye-opening stats, a trivia quiz, and video clips of young Ontarians sharing their work experiences in skilled trades and technologies.

To book your complimentary in-school presentation, please contact the liaison officer for your school board.

See reverse for a full listing!
