

2017 Health and Safety Challenge – Elementary (Teams of 2)

Project Document – Building Plans

Technical Chair: Mary Wilson, CDMP CHSC FAIT
Mary_wilson@wsib.on.ca

As of 7 November 2016

Activity 2: Build a Village

The village (city / town), including the buildings, are to be decorated to portray the name of the building (Barber, Butcher, Hotel) or Canadian history (name of an event from 1 July 1876 to present day) and have a minimum of two roads (named after a Prime Minister) and mounted on a single piece of bristol or foam board.

Items such as artificial grass, trees, fences, animals, carriages, trains and vehicles used as accessories will be allowed.

The teams **must prepare, in advance**, a short (5 minute) overview on what their village represents and identify three (3) trades that helped build the village.

Building plans

- Building models used can only be from the building plans provided
- Plans may be enlarged by 150%
- Printed in colour or black and white
- Painted or colour pencils maybe used to label or decorate
