## Careers Showcase

Skills Canada – Ontario is a not-for-profit organization dedicated to supporting the development of youth and the prosperity of industry in Ontario. We strive to promote the skilled trades and technologies as viable, first choice career options for young people.

Each year thousands of people – including students, educators and parents, visit one of the largest Showcases in the country.

The **Careers Showcase** is hosted by Skills Canada – Ontario and is held in conjunction with the Ontario Technological Skills Competition.

The goal for this two-day event is to encourage students to learn more about career opportunities in the skilled trades and technologies in a setting that is fun and interactive. The event hosts over 50 exhibitors with many offering hands-on activities for students to test out the “trades”. Awards are presented for ‘Best Overall Booth’ based on the interactive components of the display and the type of information that the exhibit presents.

For students, this is the ideal opportunity to research the many viable career and education opportunities in the skills trades and technologies and leave knowing that they can make informed decisions.
