

## Mannequin Notice for the Skills Ontario Competition Hairstyling Contest 2022

Diversity, inclusion, and representation are top priorities for Skills Ontario. Many changes are being made to the hairstyling scope in terms of projects and mannequins with this in mind.

The cuts and styles will no longer be labelled by gender. The mannequins, hair type, and colour are now the choice of the competitors, with instructions provided on the specific rotations and Client Wishes.

\*\*\*To reduce the amount of mannequins a competitor is required to bring at the Secondary level, a competitor may choose to re-use the Wedding mannequin for the Short Cut & Style. Resulting in only requiring 2 mannequins, instead of 3 if preferred. The Wedding style will be judged and displayed during the Creative Cut & Colour, and would be used in the 3<sup>rd</sup> rotation if desired. The Wedding mannequin style will need to be brushed out for this purpose if chosen, and those competitors will be provided 5 additional minutes.
